

May 7, 2020

Dear Hotel Management,

We wanted to take this time to update you, regarding events at Elizabethtown Sports Park. Needless to say, that the situation for re-opening the park is contingent on a lot of factors that are hard to predict.

Specific Update on the Diamond (Baseball/Softball) events:

There are many events scheduled for May and June 2020, starting with the weekend of May 8-10 for a USSSA baseball tournament. In our weekly planning meeting with Athletx the following was decided: Decisions on individual tournaments would be made on a standard two weeks out from event. As soon as we know definitively that an event is canceled, Team Travel Source will contact each participating hotel regarding their specific room block.

The table are all events that are currently scheduled in May or June for (Diamond and Flat Field tournaments). Please Note that events in Red are CANCELED, and events in yellow are in jeopardy of being canceled. We will update you as more information comes available. See May & June Events:

Here at ESP, we will continually update our website calendar while also sending out a communication status updates of events to hotels. These updates from ESP will include Baseball, Softball, Soccer, Football etc. - all events at the park. We will send these updates as we make or made aware of decisions around events.

Our team is working hard to reschedule or develop new events both internally and with our partners. We are closely monitoring guidance from the CDC and KY government, and will also seek advice from local leadership. Our employees and guest's health and safety are a priority. With that said, we feel that sports will be one of the first opportunities to help heal and bring back the community to normal life! If you have any questions or concerns, please don't hesitate to contact us. Thank you for your patience and understanding!

Best Regards,

Matthew Howe
